

Album release „Words“ by VEX

VEX's third studio album "Words" will be released on Friday 11 November 2022 via kappelrecords.

The German alternative metal band VEX, together with the new label kappelrecords, continue to bring their groovecore - as the founders of this genre - to the people with the new studio album "Words". On 11 November 2022, the album will be released with 9 songs, of which two singles "Words like Bullets" and "Powerless" have already seen the light of day. The song "Talking with the dead ones", with which the band collected donations for the flood disaster in the Ahr valley in 2021, is now also on the new album in a new version, which will be available on all known streaming services and on CD.

The album deals with the power of words and their impact on interpersonal constellations and effect on the human individual itself. Lyricist and frontman Andre Schondelmaier aptly sums this up for the songs on the album: Words can be hurtful and even unintentionally drive best friends into enmity ("Words like bullets"). Words can help you break out of your own prison ("Break out"). The words of our everyday heroes in care and disaster management seem to have already been forgotten (Heroes). Words from above shatter fates from below ("Powerless"). Words make people find each other ("My shelter"). Not all words want to be heard ("Talking with the dead ones").

Words can bounce off us and never reach us ("Wall"). The right words prevent social failure ("I am ashamed"). The right words motivate people to live for a cause and give meaning to their lives ("Would you live like me").

The composition is by the band VEX, which Andre Schondelmaier (main vocals and guitar), Andreas Faber (bass and back vocals), Andreas Prinzbach (guitar and back vocals) and Sebastian Maier (drums) worked on together in their rehearsal room in the Kinzigtal (Black Forest). The rest of the production was done by Benjamin Knoke and Sabrina Kuhn (co-production). Recording and mixing by Benjamin Knoke from InLine Audio Studios and pre-mastering by Roy Recklies (The BossHoss, Gestört aber Geil, Robin Schulz) from Monoposto rounded off the musical work. Arne Bohnert from Sanddorn Art designed the artwork for the album to match. The album and the singles will be released via InLine Audio Studios' own music label: kappelrecords.
